LIST OF BODIES OR PUBLIC AUTHORITIES IN CHARGE OF INSPECTION PROVIDED FOR IN ARTICLE 15 OF COUNCIL REGULATION (EEC) No 2092/91

(2008/C 13/03)

Article 9 of Council Regulation (EEC) No 2092/91 of 24 June 1991 on organic production of agricultural products and indications referring thereto on agricultural products and foodstuffs, requires that the Member States set up an inspection system operated by one or more designated inspection authorities and/or approved private inspection bodies.

According to the provision of the last subparagraph of Article 15 of the Regulation, the current communication lists, on the basis of the information from the Member States updated in 2007, the system made operational in each Member State and the bodies and/or authorities approved for inspection.

Under the column 'comments' the systems made operational in each of the Member States are indicated as follows:

A: System of approved private inspection bodies

B: System of (a) designated public inspection authority(ies)

C: System of a designated public inspection authority and approved private inspection bodies

From January 1998 approved inspection bodies in the European Union must satisfy the requirements laid down in the conditions of standard EN 45011 (Article 9(10) of Regulation (EEC) No 2092/91).

The list also contains the bodies and/or authorities approved for inspection by non-EEC countries adhered to the EEA.

AUSTRIA, GERMANY AND SPAIN

In Austria, Germany and Spain, the bodies have their activity limited to certain specified Länder/Autonomous Communities.

The following codes have been used for the different Länder/Autonomous Communities, in the column 'comments':
